

Lakeville North High School

To inspire a passion for learning in every student.

2021-22 School Profile

Lakeville North High School is a four-year public high school located in the southern suburbs of Minneapolis/St. Paul with a strong commitment to foster well-rounded, lifelong learners who contribute meaningfully to a dynamic, global society.

National Blue Ribbon School of Excellence

Since 2009

Recognized by U.S. News & World Report

Lakeville North was ranked 38th among all schools in Minnesota by U.S. News & World Report in 2022.

Lakeville Area Schools is an award-winning school system serving more than 11,500 students in Dakota and Scott Counties. It covers 86 square miles, including most of Lakeville, parts of Burnsville and Elko New Market, and portions of Eureka, Credit River and New Market Townships.

There are eight elementary schools grades K-5, three middle schools grades 6-8, two high schools, LinK12 Lakeville (a fully accredited online school), and an Area Learning Center.

Enrollment - 1,794
Graduation Rate - 99%
2022 Graduating Class - 446

Faculty Data

Number of Faculty - 91
Masters Degree - 69.32%
3+ years experience - 90%

College & Career Portfolio - Lakeville Area Schools requires each student to complete specific career investigation activities in grades 9-12. The sequence of activities provides a comprehensive experience in career exploration enabling students to pursue a lifelong career which best matches their talents, abilities, and interests. Starting in grade 9, students create a plan around seven key elements: academic scheduling, career exploration, 21st century skills, community partnerships, college access, all forms of postsecondary training, and experiential learning opportunities. Over the four years, students create a portfolio on the Minnesota Career Information System (MCIS), an Internet-based system, which combines a wealth of career, educational and labor market information into one comprehensive, easy-to-use exploration tool.

Academic Information & Standardized Test Scores

Lakeville North High School offers a rigorous curriculum including 17 Advanced Placement® courses and 12 honors courses. Students engage in college preparatory curriculum with options for hybrid, online learning, PSEO, and career and technical education courses.

In 2022, Lakeville North students took 992 AP exams. The percentage of AP students who passed with scores of 3 or higher was 69%. According to National Center for Educational Accountability, a score of 3 or higher is a strong predictor of a student's ability to persist in college and earn a bachelor's degree.

2022 AP Exams	Total	% of Students with Passing Score
Art History	2	100%
Biology	17	88%
Calculus AB	95	63%
Calculus BC	16	88%
Chemistry	19	47%
English Language & Composition	93	69%
English Literature & Composition	65	97%

Lakeville North Featured Highlights

Co-Curricular Activities

We offer 36 sports, 15 fine arts/activities and 30 student-led clubs. We are proud to provide 12 unique non-mainstream sports teams through our Independent Provider Program. These activities include equestrian, figure skating, ultimate frisbee, trap shooting, and more.

Lakeville North athletics and activities are unrivaled in Minnesota. We are proud to be the home to 57 State Championship banners that hang in our gymnasium representing the ultimate success by a wide variety of team, individual, boys', girls' and adapted sports, and fine arts.

Advancement Via Individual Determination® (AVID)

Lakeville North offers a program to prepare students who are in the academic middle for four-year college eligibility. AVID has a proven track record in bringing out the best in students and in closing the achievement gap. The AVID program is offered all four years of high school. Students have the opportunity to earn college credit while in the program. Students are admitted into this program by application only.

Hybrid and Online Courses

Lakeville North students may take hybrid and online courses. Hybrid courses include face-to-face instruction in the classroom and online learning activities. Online courses are taught completely online with no face-to-face contact with the teacher. Both styles of courses deliver their online content through an educational platform called Schoology. These courses meet the same Minnesota State Standards and Lakeville Essential Learnings as traditional courses.

Postsecondary Enrollment Options (PSEO)

Lakeville North students can participate in PSEO, a program that allows Sophomores, Juniors, and Seniors to earn high school and college credit while still in high school. This is done through enrollment and successful completion of college-level, nonsectarian courses at eligible participating postsecondary institutions. PSEO students attend classes on the campus of the postsecondary institution or participate online.

STEM Manufacturing

Lakeville North STEM Manufacturing, Engineering & Technology programs offer exciting and unique real world career pathway exploration. Students will learn to use state of the art software and equipment to problem solve and develop amazing creations through

hands on learning. Critical thinking and career awareness will be emphasized. Students will have the opportunity to work with businesses and explore multiple post secondary opportunities throughout the program.

Lakeville North STEM Biomedical Science Program

The STEM Biomedical Science Program is a sequence of courses that follows a proven hands-on, real-world, problem-solving approach to learning. Students explore the concepts of human medicine and are introduced to topics like physiology, genetics, microbiology, and public health. Students play the role of biomedical professionals and examine the process, structures, and interactions of the human body. Through a series of four year-long courses, students prepare for a career in a medical field and have the opportunity to earn transcribed college credit through an end-of-course assessment.
