

EQUITY SERVICES

Together with our families and community, Lakeville Area Schools provides educational opportunities to ensure academic, social, civic and personal readiness for every student. We will provide a safe, respectful, engaging, rigorous and collaborative learning environment for all students, families and staff where every person belongs, is valued and can succeed.

Equity in Lakeville Area Schools is the intentional practice of working in partnership with our community to eliminate bias and barriers within our school system and ensure access to an inclusive learning environment that affirms and supports success for all learners.
